

*...elegance and luxury in mind.*

## CUSTOMISED TO ENHANCE YOUR DECOR

We understand that where you sew is a reflection of who you are. That's why each Koala Studio starts as a base model and then is customised specifically for you and your home's décor.

Choose from eight elegant finishes for your studio. With wood grain ticking and rich colour, each studio is as stunning as it is durable. Every centimetre of your studio – inside and out, including the rounded corners and bevelled edges are finished with Koala's exclusive scratch-resistant and water-resistant veneer.

Koala studio accessories are also available in all eight elegant finishes. Choose the colour that best complements your home décor, style and creativity.

You find serenity while sewing, and take pride in the projects you create... but does your sewing studio give you the same sense of satisfaction?

Koala Studios complement your home as well as your creativity, providing a luxurious area for sewing with unsurpassed quality and unmistakable beauty.

Most importantly, Koala Studios are custom built for you. From the height and colour to the storage and surface areas, each Koala Studio is more than a home for your machine... it's a reflection of you.

Koala studios are the leading brand of sewing furniture and sold exclusively through the best sewing, quilting and embroidery retailers.

This is why we at Hobbysew are proud exclusive retailers of the Koala Studios here in Australia.

Your studio is where you create... and we'd love to create a studio just for you.

## CUSTOMISED FOR EVERY INDIVIDUAL

Koala understands that each sewer has a preference for the height of their studio, due to both the height of the sewer and the type of projects they'll be completing. Each Koala Studio can be raised either 7.5cm or 15cm for sitting comfort and a height more suitable for sewing.

The TreasureChest Plus IV, StorageCentre Plus and the SewMate Plus IV are limited to one 76mm height modification. Studios that are 90cm or 97cm high also include an adjustable foot control rest and platform.

## UNPARALLELED QUALITY

Koala Studios are built in the United States with the utmost in craftsmanship and quality. Every detail of your Koala Studio from the environmentally-friendly, highest-grade engineered wood base to the steel components and decorative handles were chosen with quality, elegance and luxury in mind.

With all-new state-of-the-art equipment, Koala is able to incorporate advanced and requested design features unique in the sewing industry, including customising options. Each studio is hand-built by furnishing experts in the heartland of America.

When you choose a Koala Studio, you're choosing the highest quality studio that the industry has to offer. That's why all Koala Studios include a limited lifetime warranty as our promise of quality and responsibility for your enjoyment and satisfaction.

### Exclusive Remote-Controlled Electric Glide Lift

Koala's lift and platform evenly supports the largest and heaviest machines with a load capacity of 76kg. With just the push of a button, the remote control can stop the machine in any position with no effort or mechanical lift adjustment. In every position, including the top embroidery position, the machine platform will remain solid and steady while evenly supporting your machine.

### 100% Smooth Surface

Every corner is rounded and bevelled, with no exposed hinges or rough edges on leafs or extensions. This eliminates any drag or snagging of fabric and gives that fine furniture touch.

### Top Quality Hardware

Koala Studios are built with steel components, including a 270° heavy gauge door and weight-bearing barrel hinges. You'll also find locking casters with non-marking polyurethane tyres. And they look beautiful.

### Steel Drawer Glides

Koala drawers feature full-extension steel drawer glides with silent soft-closing hydraulic cushions that prevent drawers from slamming. Each drawer has been weight-tested to hold 54kg.

## QUILTPRO PLUS IV

The QuiltPro Plus IV brings style, symmetry, and space to your sewing room. In addition to the 2 square metres of workspace surrounding your machine, you'll find storage to the left and right, ensuring that the notions, thread and fabric you need are always on hand. When paired with a Cub Plus IV, an overlocker or additional machine is always within your reach. You'll also find room for two Madeira Thread Treasure Chests, giving you a stunning home for more thread than any other Koala Studio.

The versatile companion Koala pieces can create the perfect suite to complement your QuiltPlus IV Studio. Match a StorageCenter and RollAbout for a remarkable amount of surface space and vast fabric and notions storage. Edit embroidery designs, measure and cut fabric, and access all your machines to sew, embroider, quilt or overlock – all without leaving the comfort of your sewing room!

## QUILTMATE PLUS IV

If you love quilting or large projects, then you deserve a space that allows you to truly stretch your imagination. The QuiltMate Plus IV was designed to do just that with a surface area of over 2 square metres. With the machine placed to the right of the smooth surface and a maximum height of 90cms, the QuiltMate Plus is more than a place to sew - you'll be able to stretch your fabric freely for cutting, piecing and placement. You'll also find an adjustable foot control and platform for sitting comfort while stitching.

To complete your suite, the RollAbout and StorageCenter provide the necessary storage. The left and right Cub Plus IV studios provide the perfect book ends to the RollAbout with ready access to additional machines and overlockers. With the QuiltMate Plus IV studio and suite, you can maximize your space as well as your creativity.

## DUALMATE PLUS IV

If you enjoy a variety of techniques, multi-tasking with projects and exploring new ideas, the DualMate Plus IV has the versatility you've been searching for. You'll find a home for your sewing machine, embroidery or quilting machine, and an overlocker – all in one studio! Lower the machines you aren't using for a larger surface area or instantly take a project from one machine to the other!

Add a RollAbout to one or both sides of the DualMate Plus IV for an astonishing 3.6 square metres of workable space. Complete your suite with a StorageCenter that can hold fabric, notions and supplies for any idea that you can dream up. This is the studio and suite for any creative type in search of a flexible and resourceful home.
